No. 50

Editorial

It is a great pleasure to present the 50th issue of the Newsletter just ahead of the 14th EUCHIS / 15th ICCC conference in Iceland. Six years passed since our last meeting in Seville, with the longest period of isolation due to COVID19. Finally, we may look forward to a vivid society life again.

Unexpectedly, this issue of the Newsletter turns out to be a rather narrow booklet. No contributions and no proposals for the Braconnot prize were received. Only one student travel grant for supporting participation in the 14th EUCHIS / 15th ICCC in Iceland has been awarded. Actually, this was a renewal of a grant assigned before onset of the COVID pandemic.

During the conference, the General Assembly will take place. The most important administrative event during this meeting of the Society is the election of a new Board. All active members in good standing can be nominated to run for the Board. Please send me an e-mail when you are interested to become a Board member, you may nominate yourself or suggest any other person, the only condition is that she/he is an active member in good standing. I will then distribute a ballot paper with the ballot list a few days before the meeting. Thus, all members will have the chance to vote for the new Board.

The Financial Report for the year 2022 is presented on page 3.

Presently, EUCHIS has 71 members, which means an increase of nine since January 2022, due to 16 successful new applications, while seven members cancelled or lost the membership.

The number of publications shown in the members Bibliography is slightly less than it was in the previous reporting period. This also reflects the obstacles caused by the pandemic to the regular bench work in the laboratory.

Last not least, I have to announce that this is my last issue of the Newsletter. Reaching the age of 80, I decided that it is a right time to retire and to leave the scene to the younger generation. My warm thanks to all EUCHIS members for their lively communications and the Board, especially the President, for a fruitful and faithful cooperation.

Item 12.

The Society is administered by a Board of Directors (hereinafter called the Board) of 16 members, elected by the General Assembly for a period of 4 years. Members of the Board may be elected to a maximum of two successive terms, except as described on Item 14. To be eligible for election to the Board a candidate must be an active member in good standing.

Item 13.

The members of the Board are elected among the active members of the Society by the General Assembly. All members are entitled to vote in the ballot, which will be secret, and may vote by post or by proxy if not present at the Assembly. The maximum number of Board members per country is 2. In case of an exceptional situation where the maximum number of 16 numbers is not attained, a third member becomes possible for one country.

Board members receive no remuneration but the Board may be assisted by paid staff who may be present during meetings.
